

- 4.3 Completion of the formal approval process and listing on all relevant Boeing documents for UKTMP as an approved Ti-6Al-4V ingot supplier within approximately eight weeks after successful on-site engineering audit

5.0 ASSUMPTIONS

The schedule and price assume UKTMP is successful in meeting the qualification requirements. If UKTMP is unable to meet the qualification requirements and Boeing is required to rework some of the Boeing Services, the schedule and price will be impacted.
