X26NCBF XNK51TF

XN37TF

The following items have been deleted : DU3, MARVAL M1 and SMHW.

These binders reflect grades appearing on our website, with the corresponding datasheets.

Each grade is listed with its specifications, mechanical properties and fabrication conditions.

Ask for your paper copy to: documentation-ad@eramet-aubertduval.com

Henriette TASSIN

PS. We remind you that this 400-page document is expensive, and should consequently be distributed with care. To easily identify the new version from the previous one, please note that this release has a red spiral binder.
