Aubert & Duval exhibits at the 49th Paris Air Show, the world's leading aviation and space event. This biennial event takes place at Le Bourget from Monday 20th to Sunday 26th of June. The first 4 days of the show, exclusively for professional attendance, are followed by 3 days for general public.

For the first time in its history, the show will be hosting more than 2,100 international exhibitors !

Our booth has been improved and extended by 20 Sq meters to better welcome our customers and show off our know-how. A mezzanine has been created and our brand new corporate film will be presented.
Breakfast and lunch invitations are still organized at the Aubert & Duval Chalet, a privileged place looking over the Bourget tarmac, so as to watch the flying display.

Aerospace brochure

This event will also be the opportunity to discover the "Sustainable solutions for Aerospace high integrity components" brochure, a 20-page document displaying for the first time a complete overview of Aubert & Duval aerospace activities (open-die and closed-die forgings, long products and castings).

A full description of parts displayed during the show is enclosed.

Please find also attached the "Code of Conduct", which is also applicable for all types of exhibitions.
