

Aubert & Duval Aerospace Offering now at your fingertips!

The "Sustainable solutions for Aerospace high integrity components" brochure was officially introduced and very welcomed by our customers during the 2011 Paris Air Show.

This 20-page document displays, for the first time, a complete overview of Aubert & Duval aerospace activities, which represent more than 50% of our turnover.

Contents:

- | | |
|----------------------------|---------------------------------------|
| ▶ AD processes and history | ▶ Bars |
| ▶ Aircraft | ▶ Distribution |
| • structures | ▶ Casting tools |
| • landing gear | ▶ Quality and sustainable development |
| • engines | ▶ Innovation |
| ▶ Helicopters | |

In back cover, a Flash code allows to reach directly our website.

www.aubertduval.com

This brochure has been designed for the largest audience and completes the more specific documentation, essentially:

- the "Space Industry" brochure;
- the "Special Steels and Superalloys for Bars" brochure;
- the "Service Centers for Aerospace" brochure;
- the "Powder Metallurgy Hip components" brochure;
- the Technical Brochures (MLX17, ML340, XD15NW, CX13VD...);
- others (flyers to promote the foundry activity...).

3 ways to get all Aubert & Duval's documentation:

- ❶ Our intranet Tatou [documentation](#) (*Tout sur AD / Films et documentation / Documentation*).
- ❷ I-Catcher for our sales teams [sales documentation](#) (*General information / Promotion Tools*).
- ❸ www.aubertduval.com (*About us / Downloads / Markets*).

A pdf version of the brochure is also accessible through the above web tools. Always use already printed documents, to be ordered at the following address: documentation-ad@eramet-aubertduval.com
