## Defend Aubert & Duval Property against Thieves!

GKP

MARVAL

**Brandnames** are definitely part of our intangible assets and, as such, must be protected against theft as any other asset: equipment, raw materials, goods, cash, etc.

Aubert & Duval Salesforce is the population potentially the first and the most exposed to competitors infringing our rights, whether intentionally or not.

We would therefore be grateful if you can inform the corresponding Market Manager in case of any such infringement.

For your reference, you will find below a list of AD brandnames.

Thanks in advance for your help.
